Hazardous Waste • Hazard Communications • Lab Safety
Mandatory Environmental Health and Safety Training

EPA and OSHA
Federally Mandated Training

Who MUST attend?

This course is **mandatory** for anyone who handles chemicals and/or unwanted material in a laboratory and may include, but is not limited to: Faculty, Staff, Post-Doctoral Fellow, Interns, Researchers, Technicians, Lab Managers, Principal Investigators, Chemical Hygiene Officers, and Students Lab Workers. A person does not need to be paid or otherwise compensated for his/her work in a laboratory to be considered a laboratory worker. Undergraduates and graduate students in a **supervised** classroom setting are not laboratory workers.

To accommodate the University course schedule, we have planned the training on the Downtown, Evansdale and Health Sciences campuses. To assist in expediting the registration process and due to class limitations (100 persons per course), please use the following link to RSVP your information to one of the following:
